

Kodak 305 Photo Printer

Small investment, big rewards

Introducing the new KODAK 305 Photo Printer. A compact and lightweight printing solution for your ID and event photography business.

This affordable printer delivers exceptional KODAK quality prints in two sizes, and two finishes (gloss and matte) from a single media kit.

Packed with smart technology features the KODAK 305 Photo Printer is easy to operate, reliable and allows you to capitalize on every photo printing opportunity.

Smart technology

A single media kit can produce prints in two different sizes (4x6" and 6x8") and two finishes (gloss and matte) giving you more consumer choices with less inventory to manage.

Printing made easy

Use the printer driver or combine with KODAK Creative Production Software to manage your workflow and produce prints and ID photos using KODAK PERFECT TOUCH Technology.

KODAK quality prints

For prints that are bright, clear and sharp. KODAK XTRALIFE II prints are stain resistant, waterproof and will last a lifetime.*

Print mode options

Fine mode for higher speed applications and ultra fine mode for higher resolution output.

Quality prints in store, in minutes

* Under typical home display and storage conditions

Kodak 305 Photo Printer

Kodak 305 Photo Printer

Compact, high quality print solution

Transportable

The compact and lightweight design makes it readily transportable. Perfect for event photography.

Fast

Delivers 4x6" (10x15cm) glossy KODAK quality prints and ID photos in 11.4 seconds (Avg.).

Easy

Incredibly simple to operate. Roll-fed thermal media is front loading for quick and hassle-free media changes.

Reduced dust issues

The efficient airflow and cooling system has been designed to reduce dust related print quality issues.

Energy saving

Sleep Mode reduces power consumption to less than 1 watt, saving energy costs and reducing your impact on the environment.
